SUBMITTAL INFORMATION

Material:

UV stabilised black polypropylene.

IMPORTANT INFORMATION

Construction materials and conditions vary on different sites. If it is suspected that the base material has insufficient strength to achieve a suitable fixing, contact Grippler Canada Inc. The responsibility for judgement of base material strength lies with the installer, and not with Grippler Canada Inc.

Whilst Grippler Canada Inc. can give general guidance and advice, the nature of Grippler products means that the ultimate responsibility for selecting the correct product for a particular application must lie with the customer.
