

# Vibration Dampener (VDP)

## Accessory

The Vibration Dampener Pad (VDP) is designed for vibration reduction when installing rectangular ducting on GripplE brackets.

## FEATURES / BENEFITS

- **Effective** – vibration reduction across a wide range of frequencies
- **Secure** – prevents slipping of ductwork
- **Easy** – made of rubber, no tools required
- **Quick** – push fit, installs in seconds
- **Versatile** – fits into multiple GripplE brackets preventing direct contact between the duct and the brackets

## INSTALLATION & ADJUSTMENT

\* One pad per 150 mm.

## SPECIFICATION

A (ø mm)	B (mm)	C (mm)
30	8.2	9.6
