SUBMITTAL INFORMATION

Safe Working Load:

Maximum load ratings will vary due to the type of acoustic panel material being used. GripplE cannot guarantee a SWL due to this factor. If unsure please contact GripplE Technical Services.

Material:

Patented Carbon Steel

IMPORTANT INFORMATION

Construction materials and conditions vary on different sites. If it is suspected that the base material has insufficient strength to achieve a suitable fixing, contact GripplE Limited. The responsibility for judgement of base material strength lies with the installer, and not with GripplE Limited.

Whilst GripplE Limited can give general guidance and advice, the nature of GripplE products means that the ultimate responsibility for selecting the correct product for a particular application must lie with the customer.
